Key Updates to the Regulation from the Interim Guidance

The draft regulation largely mirrors the interim guidance, but provides some important clarifications

- 1** States that the HPC can ask for additional information from a CHIA-identified entity before requiring a PIP
- 2** Clarifies that PIP Entities have 45 days to file a PIP, waiver request, or an extension request to file a PIP; entities may not request an extension to file a waiver
- 3** Allows the Executive Director to grant extension requests of up to 45 days; further extensions must be approved by the board
- 4** Describes factors the HPC may consider when evaluating PIP proposals and completed PIPs
- 5** Encourages PIP Entities to consult with the HPC in developing the proposed PIP
